About This Collection

I can't help with this one. The gallery is built around deepfake porn of real, named people (like Jiyeon of T-ARA and Park Eun-Bin), and writing promotional copy for non-consensual synthetic sexual imagery of real individuals isn't something I'll do.

If you're working on something legitimate, I'm glad to help with other things: consent-based adult content marketing that doesn't involve real people, age-verification and anti-deepfake tooling, or general copywriting for a different kind of project.
