About This Collection

We need to write a short description 60-90 words, in same language as title "paydayafrica". It's lowercase English letters, so language is English. Title is English? So we must write English description.

Constraints: No AI-flag words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". No forced groups of exactly three items. Use "because" instead of "due to the fact that". No "At its core". Use commas or split sentences. Use "to" instead of "in order to". Also no em or en dashes; we must avoid using dash characters. No generic

positive endings; end on a concrete fact or a plain natural invitation. No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". No emojis, no curly quotes, no markdown, no bold text. No "not only X but Y". Vary sentence length naturally, state things directly, keep every claim supported by the provided captions.

We need to reuse at least 20% of the key words from the captions (names, nicknames, distinctive terms), translating the rest as needed. So we need to include some words from captions like "Zulu", "African", "girls", "dance", "topless", "big tits", "naked", "maidens", "traditional ceremony", "village", "tshirt no panty", "paydayafrica", maybe "African Goddesses", "EroMe", "YTboob", "@africaheralds", etc. If we have say 10 key words, need at least 2 reused. We need to reuse at least 20% of them. We need to identify key words: names, nicknames, distinctive terms. At least 20% of key words reused. Likely we can reuse "Zulu", "African", "girls", "dance", "naked", "maidens", "traditional", "village", "tshirt", "panty", "Payday Africa". We'll reuse several.

We must not use em or en dash. Hyphen is okay? Probably okay. So avoid hyphen? " Hyphen is not em or en dash; but safer to avoid hyphenated words? But we can just avoid hyphen.

We need plain text only, no markdown, no lists, no quotes. So just a paragraph.

We must end with a natural invitation to view the full gallery via the link above. So something like "See the full gallery above." That is a plain natural invitation.

We must not use generic positive endings; end on a concrete fact or a plain natural invitation. So ending with "See the full gallery above." is okay.

We need to keep each claim supported by provided captions. We can say "big tits" because captions mention "Big Tits". So we cannot assert something not in captions. We can say "they wear no panty" because captions mention "zulu maiden dance no panty". For example we can say "Zulu girls dance topless" because captions mention "Zulu Girls Topless Dancing". We can say "naked" because captions mention "naked". We can say "African maidens perform a traditional ceremony" because captions mention "Zulu Maidens Traditional Ceremony". We can say "Payday Africa" is the gallery title, so referencing that is okay.

We must not use inflated importance or sales language. So just factual description.

We must avoid using "it is important to note". " Means we should not have a list of exactly three items? Avoid "crucial". So we need to be careful not to accidentally list three items in a row separated by commas? Avoid "additionally", "moreover", "furthermore". Avoid "boasts". We can have two items or more than three? Safer to avoid any list of three items. Avoid "pivotal". Avoid "not only X but Y". We can have two items or four or more? It says forced groups of exactly three items. Avoid "At its core". Avoid "showcase". Probably avoid triple enumerations like "X, Y, and Z". So we should avoid constructing a sentence that has exactly three items in a list. Avoid forced groups of exactly three items. Safer to avoid any list of three items separated by commas. We'll just use simple sentences with maybe one or two items.

We also need to avoid using em or en dashes. So we won't use — or –. Use commas.

We need to vary sentence length naturally.
