金賢守(キムヒヨンス)の旅ブログ・台湾編 金賢守 (キムヒヨンス) の旅ブログ

About This Collection

We need to write a short enticing description (60-90 words) for an adult photo gallery based on scrambled site captions. The captions are mixed Japanese and Chinese. But typical Japanese name "金賢守" (Kane Ken Shu) maybe Korean name "Kim Hyun-su" written in Kanji. The title "金 賢 守" could be Japanese reading "Kane Ken

Shu"? The title is in Chinese characters (Kanji). " So we must write in Japanese? But likely Japanese name "Kim Hyun-su"? The title "金賢守" uses Kanji, which are used in both Chinese and Japanese. 2】 ". So it's Japanese. So likely the language is Japanese. The gallery title is "金賢守". " Actually "金賢守" could be Chinese name "Jin Xian Shou"? The description must be in same language as title, which appears to be Chinese characters (Japanese Kanji). The captions include "金賢守 キムヒヨンス|本気の仕事って、面白い。 (@KimHyonsu) X". Or Chinese? So we should write description in Japanese.

We need to produce 60-90 words (Japanese words count? Usually words count in English. But we can aim for about 70-80 Japanese characters? But they said words. But it's adult photo gallery? Key words: "金賢守", "キムヒヨンス", "ASKアカデミー", "グローバル・プランニング", "起業", "インタビュー", "プレゼンテーション", "セールス", "旅ブログ", "台湾", "ミラノ", "クルーズ", "Retty", "浅草寺御守", "金鱗守", "金花の秘密", "異雲書屋", "YIYUN ART", "富衛保険", "香港賽馬會", "開運金箔小判", "金箔琉璃財布御守". So we need to incorporate some of those words. Use at least 20% of key words from captions. We'll need to reuse at least 20% of key words from captions (names, nicknames, distinctive terms). But we must follow instructions: write enticing description for adult photo gallery based on scrambled site captions. But it's adult photo gallery, but the captions are about business, travel, etc. But we must produce description for adult photo gallery based on scrambled captions. The captions are not adult. We'll produce about 70 Japanese words (maybe 70 tokens). This is weird. We'll just incorporate some names and terms.

We must not use banned words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". No generic positive endings; end on a concrete fact or a plain natural invitation. No emojis, no curly quotes, no markdown, no bold text. No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". Also no em/en dashes, no "not only X but Y", "At its core", forced groups of exactly three items. Use "to" instead of "in order to"; "because" instead of "due to the fact that". Vary sentence length naturally, state things directly, keep every claim supported by provided captions.

We must end with a natural invitation to view the full gallery via the link above. So final sentence: "詳細は上部のリンクからご覧ください。" Something like that.

We must not use any banned words. Avoid "boasts". Also avoid "showcase". Avoid "crucial", "pivotal". Avoid "additionally", "moreover", "furthermore". Avoid "it is important to note". Avoid "serves as". Avoid em/en dashes. Ensure not to use "delve", "tapestry", etc. Use commas or separate sentences.

We must not use "not only X but Y". So we must not list three items in a row. Avoid "At its core". Avoid forced groups of exactly three items. Use varied sentence lengths.

We must reuse at least 20% of key words from captions. That's many. So we need to include at least 4 key words from captions. 20% of that is 4 words. Let's count key words: maybe 20 distinct words. We'll include "金賢守", "キムヒヨンス", "ASKアカデミー", "グローバル・プランニング", "旅ブログ", "台湾", "ミラノ", "クルーズ". We'll include at least 4.

We need to write 60-90 words. But we can produce about 70-80 English words equivalent. But typical Japanese writing doesn't have spaces. Usually Japanese doesn't have spaces. But we can approximate. But the instruction likely expects English word count. The word count may be counted by tokens separated by spaces. But we must produce Japanese text. Let's aim for about 80 Japanese words (maybe 80 tokens). But we can include spaces between words for counting. But we can count words separated by spaces if we write in Japanese with spaces? The word count may be ambiguous. But they said plain text only, no markdown. But they said "Write the entire description in the same language as this title". Could include spaces. The title is in Chinese characters, but we can write in Japanese. In Japanese, words are not separated by spaces. But we can separate with spaces for counting. But it's okay.

Better to produce about 70 Japanese "words" separated by spaces. But it's okay.

We must ensure we don't use banned words. No generic positive endings; end on a concrete fact or a plain natural invitation. No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". Let's check banned words list: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". Use "because"

instead of "due to the fact that". Use "to" instead of "in order to". No "At its core". No forced groups of exactly three items. No "not only X but Y". Also no em/en dashes. No emojis, no curly quotes, no markdown, no bold text. Vary sentence length naturally, state things directly, keep every claim supported by provided captions.

We must ensure each claim is supported by captions. We can mention that the gallery includes photos from those contexts. But we can just describe the gallery as containing images of the model "金賢守" in various settings like travel, business, etc. So we can mention that the gallery features "金賢守" also known as "キムヒョンス", who appears in "ASKアカデミー" videos, "グローバル・プランニング" interviews, travel blogs covering "台湾", "ミラノ", "クルーズ". But it's adult photo gallery? That is supported by captions. That is supported.

We must end with invitation to view full gallery via link above. So final sentence: "詳細は上部のリンクからご覧ください。" That is a plain natural invitation.
