About This Collection

We need to write a short enticing description (60-90 words) for an adult photo gallery based on scrambled site captions. No generic positive endings; end on concrete fact or plain natural invitation. Must be in same language

as title: title is "早泄警犬" which is Chinese (Simplified). Must not use "not only X but Y", "At its core", forced groups of three items.) into the description. Must include them naturally in Chinese description? They are not Chinese, but we can embed them as is. Must reuse at least 20% of key words from captions (names, nicknames, distinctive terms). The instruction: "Include these exact words where natural". No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". Must not use em/en dashes. Use "to" instead of "in order to", "because" instead of "due to the fact that". These are English/Russian words. So description must be in Chinese. Must not use markdown, no bold, no lists, plain text. No emojis, no curly quotes, no markdown, no bold. Must not use AI-flag words list. Must include exact words: unlock, play, joda, policia, молодую, шлюху, вывоз, хозяин, окраину, города, леса, чтобы, хорошенько, fuck, stick. Must end with natural invitation to view full gallery via the link above. Vary sentence length naturally, state things directly, keep every claim supported by provided captions.

We need to produce 60-90 words in Chinese. Let's count approximate words. That would be unnatural. But they likely count words separated by spaces. The word count likely counts tokens separated by spaces. So we need 60-90 tokens. We'll include required English words as separate tokens. Usually Chinese doesn't have spaces. Actually words in Chinese are not separated. We'll write a paragraph in Chinese but with spaces between each Chinese word? But we can write Chinese with spaces between each Chinese token (like each character) but that would inflate word count. But we can include English words as required. But we can write Chinese sentence with spaces between words? But we can aim for ~70 Chinese characters? Chinese words count differently. Better to write in Chinese but include English words separated by spaces. Safer to produce about 70 words separated by spaces. Since we will write Chinese with spaces maybe? The word count may be counted by tokens separated by spaces. Let's aim for ~70 tokens.

We need to include at least 20% of key words from captions. The captions contain many words: "Unlock", "play", "Que", "se", "joda", "la", "policia", "Молодую", "шлюху", "вывоз", "хозяин", "на", "окраину", "города", "леса", "чтобы", "ее", "хорошенько", "вы...", "仕", "事", "中", "に", "ア", "ナ", "ル", "に", "デ", "イ", "ル", "ド", "を", "入", "れ", "る", "OL", "OL", "put", "a", "fuck", "stick", "in", "assfucking", "during...", "Молоденькая", "девушка", "c", "Болгарии", "в", "маске", "показывает", "свои", "пышные", "формы", "под", "рел...", "R18.dev", "provides", "information", "about", "hundreds", "of", "thousands", "of", "Japanese", "adult", "...", "ア", "ジ", "ア", "の", "自", "撮", "り", "-AVJB", "台", "湾", "美", "乳", "美", "し", "い", "お", "尻", "ssrpeach", "婦", "人", "警", "官", "制", "服", "な", "め", "る", "4k...", "Speed.", "Creampie!", "KBMS-192", "Only", "The", "Excretory", "Girl", "Can", "Win", "Vol.3", "2025", "Urination", "Scatology", "...", "浣", "腸", "オ", "ナ", "ニ-", "究", "極", "の", "ア", "ナ", "ル", "快", "感", "動", "画", "堂-と", "放", "り", "出", "さ", "れ", "た", "極", "太", "便", "を", "そ", "の", "場", "で", "楽", "し", "む", "の", "も", "良", "し", "タ", "ッ", "ハ", "に", "入...", "FC2PPV", "4635799", "和", "調", "皮", "女", "仆", "3P", "做", "色", "色", "的", "事.", "FC2PPV", "4633859", "H", "杯", "口", "罩", "美", "女", "背", "德", "早", "泄", "男...", "Play", "-", "Apolo", "Foster", "Best", "Porn", "Tube", "Sites.", "Порно", "видео", "c", "тегом", "Азиатская", "рабыня.", "Unleash", "your", "desires", "with", "gay", "omega", "porn", "featuring", "muscle", "alphas", "and", "submi..."

We need to reuse at least 20% of key words. Those are required anyway. That's 15 words. But we can include some distinctive terms: "unlock", "play", "joda", "policia", "молодую", "шлюху", "вывоз", "хозяин", "окраину", "города", "леса", "чтобы", "хорошенько", "fuck", "stick". That likely satisfies 20% of key words (maybe total key words ~50). That's a lot. So okay.

We must embed those exact words in description. They are English/Russian. We'll embed them as tokens.

Now produce Chinese description with those words inserted.

We need to end with invitation to view full gallery via the link above. Something like "请点击上方链接查看完整画廊". That's a concrete invitation.

We must avoid AI-flag words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". Avoid those.

No em/en dashes. Use commas.

No "not only X but Y", "At its core", forced groups of three items.

Use "to" instead of "in order to". But we are writing Chinese; but we can include English "to". But it's okay.

Use "because" instead of "due to the fact that". Not needed.
