"Two more over here, please!" Julie called out to a passing waitress. I could barely bring myself to speak, but I had watched her poor top struggle for long enough. "Julie... I think you've had enough." *SLOSH-SLOSH* I could hear her bloated tits jostle when she spun towards me. "Huh?? What do you mean?? I've only had a few!" She really had no idea. That, or she was loving what the beer was doing to her chest. I couldn't tell. That endless cleavage could swallow my soul if I wasn't careful. "I-I'm just saying... We have the whole night ahead of us! You don't want to go overboard so soon and--" The waitress returned before I could get my thought out. "Here you go, miss!" she smiled while setting two foaming glasses on the table. I've never been one to pass up a free drink but when I reached for one of them, I was met with a slap from Julie. "Hey get your own!" she scolded. I was dumbstruck when she lifted both glasses to her lips. She was out of control. *SLOSH-SLOSH* Her boobs gurgled as if excited to somehow swell even larger. "J-Julie wait!" I warned. She paused before taking a drink. "What is it?" Those eyes looked so innocent as she stared at me over her drinks. Julie never could hold her booze, and at this rate her shirt wouldn't be able to hold her tits. *POP!* My eyes bulged when one of her nipples sprang free of her top. She wasn't even done swelling and here she wanted to add more fuel to the fire. "Something wrong, James?" she asked, cheeks flushed. My gut told me she'd developed some sort of allergy to carbonation. No one else at the bar was blowing out of their shirt. If she drank those, Julie might not be able to walk. "James...?" she asked, her lips eager to drink. I sighed, watching her bloated chest shine from fallen drops of beer and foam. "Nothing, Julie, go ahead! Have a blast!" Who was I to argue? She was thirsty!

Just a few more drinks!
