About This Collection

Stick War 3 opens after dark, where stickman knights leave the battlefield for close quarters. Xiphos arrives in helmet and cape, axe in hand, while Thera and Kytchu hold the line with white hair and blue eyes catching the light. Couples break off into the dark, and the armor comes off piece by piece. JuggerKnight and ZeniWarX join the night watch, and Milog steps down from the statue to meet the community face to face.
