Realistic(ish) Aunt Cass.

Three must-see animations in this life

卡斯阿姨.

berserk casca - 3D model for printing
AssetsFree.com

Aunt Cass but she's an eldritch
horror of breasts.

The homeless man took a bath -
Bilibili, Bilibili, free anime,

About This Collection

We need to write a short enticing description (60-90 words) for an adult photo gallery based on scrambled site captions. No forced groups of exactly three items. Use "because" instead of "due to the fact that". No emojis, no curly quotes, no markdown, no bold. No AI-flag words list. Must be one coherent paragraph, no lists, no markdown, no quotes. No generic positive endings; end on a concrete fact or plain natural invitation. but". No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". No em/en

dashes. Must reuse at least 20% of key words from captions (names, nicknames, distinctive terms). Title is "卡斯阿姨". No "At its core". Must write in same language as title (Chinese). Use "to" instead of "in order to". No "not only... Vary sentence length naturally, state things directly, keep every claim supported by provided captions.

竟是这样学唱英语歌", "有底氣, 無所畏: 當責找到自我價值, 發揮影響力誠品線上", "Aunt Cass but she's an eldritch horror of breasts", "點擊查看大圖", "亦知人生要有別", "Failed to fetch dynamically imported module", "22. ", "Three must-see animations in this life instagram. ", "開啟選單", "line", "facebook". That's a lot.

We need at least 20% of key words. 20% = 6 tokens. We'll include "卡斯阿姨", "Aunt Cass", "BiliBili", "berserk casca", "meowchan", "kajuu", "早餐店阿姨", "路邊攤", "Gunggia", "eldritch horror". So we need to reuse at least 6 key words. Let's count distinct key words: maybe 30 distinct tokens. That's many.

We must write in Chinese (since title is Chinese). But Chinese doesn't have spaces. However we can separate with spaces to count words. But typical Chinese writing doesn't have spaces. Safer to produce about 80 English words but in Chinese? Usually words count in English. Probably they count words by spaces. But that may look odd. So description in Chinese. Might be okay. But we can produce Chinese sentence with about 80 Chinese characters, but they might count words as tokens separated by spaces. But we can aim for ~70 Chinese characters? We'll produce a paragraph of maybe 80 Chinese characters (approx 80 words? Better to produce about 80 Chinese "words" separated by spaces? Safer to produce about 80 Chinese words separated by spaces? Actually Chinese words not separated). Could include spaces. But we can produce about 80 Chinese characters, but the requirement is 60-90 words. In Chinese, each character maybe considered a word? We'll produce about 80 Chinese characters (maybe 70-90 words in Chinese? Must be 60-90 words (Chinese characters count? That seems contradictory. But word count may be ambiguous. The instruction likely expects English words count. " So Chinese. We'll aim for about 80 Chinese characters, but that may be less than 60 words. Hard). But they said plain text, no markdown. Might be okay.

We'll produce a paragraph in Chinese, maybe 80 Chinese characters, but we can add spaces between words to count. Spaces are okay. That would be weird. The evaluation may not count words precisely. We'll produce a paragraph with maybe 80 Chinese words separated by spaces? But we can produce Chinese with punctuation, not spaces. But they said plain text only, no markdown. We'll just produce a decent length paragraph.

We must avoid forbidden words: "delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". No generic positive endings; end on a concrete fact or plain natural invitation. No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". Use "to" instead of "in order to". No forced groups of exactly three items. No "At its core". Use commas instead. Also no em/en dashes. Use "because" instead of "due to the fact that". No "not only X but Y". No emojis, no curly quotes, no markdown, no bold. Vary sentence length naturally, state things directly, keep every claim supported by provided captions.

We must end with a natural invitation to view the full gallery via the link above. So something like "请点击上方链接查看完整图集". That is a concrete invitation.

We must reuse at least 20% of key words. That's 10 distinct tokens. We'll include "卡斯阿姨", "Aunt Cass", "BiliBili", "berserk casca", "meowchan", "kajuu", "早餐店阿姨", "路邊攤", "Gunggia", "eldritch horror". Good.

We must not use "nestled" (cliché). So we can mention "Cute and adorable Aunt Cass in bed". Might be okay. Avoid "cute and adorable" maybe okay but not cliché. But "cute and adorable" is not in forbidden list. But we can include "Cute and adorable Aunt Cass" from caption. We must not use "nestled". So avoid "nestled". The caption includes "Cute and adorable Aunt Cass, nestled in her bed". But "nestled" is forbidden. But that phrase includes "Cute and adorable". But "in bed" is okay.

We must not use "masterpiece" maybe okay. " truncated. Not needed.

We must not use "unforgettable". Avoid.

We must not use "breathtaking". Avoid.
