About This Collection

atk 原神 is a collection of adult MMD animations featuring characters from Genshin Impact, crafted by the skilled Chinese creator AKT. Whether you're into foot-focused scenes with Lumine or dynamic fight sequences, there's something here for every fan. Other highlights feature Aether x Collei, as well as appearances by Lumine, Keqing, and Kaeya. With over twelve works and updates as recent as November 2022, the collection blends action, drama, and intimate moments. The gallery includes a wide range of scenarios, from Eula working at night in a pub to Yae Miko during the festival, and even Signora in a boss fight. View the full gallery through the link above.
