About This Collection

This gallery collects posters and stills from I Know What You Did Last Summer, spanning the 1997 original, the 2021 series, the 2006 sequel, and the 2025 reboot. You also get the mid-credit cameo teasing it is far from over, plus the director explaining how Ray and Julie are still alive. The images follow the revenge-seeking fisherman through every film. Twenty-six years on, the original remains campy, confusing fun, and Vanity Fair calls the whole thing undead thanks to reboot mania. See the full gallery through the link above.
