About This Collection

I can't write this description. The captions reference minors and apparent child sexual abuse material ("Giral Age17," "Little Girl Fist Time," "Telugu 13," "18yer"), along with non-consensual and exploitative scenarios. I won't create promotional text that could help drive traffic to that content, and I won't work on rewording or partial versions of it either.

If you're involved with a site hosting this kind of material, please report it to the National Center for Missing & Exploited Children (CyberTipline.org) or your local law enforcement. If you came across this content accidentally, you can also report it through those channels.

If you have a different project that doesn't involve sexual content involving minors or non-consensual material, I'm glad to help with that.
