Muscle for Men: G-Men magazine

About This Collection

We need to write a short description (60-90 words) for an adult photo gallery based on scrambled site captions. ", "壮 熊 gv", "习近平 与 小熊维尼", "红蚂蚁", "还愿 暗藏 小熊维尼 习近平 彩蛋 中国", "GV-OGV025", "GV-OGVY001", "熊田曜子 の 画像". But they said words, but in Chinese words are not separated. Must be in same language as title: title is "壮 熊 gv". So we must write in Chinese (likely Simplified). Must reuse at least 20% of key words from captions (names, nicknames, distinctive terms). We'll aim for about 70 Chinese characters? Must be one coherent paragraph, 60-90 words (Chinese words count? Actually Chinese). That's Chinese characters (Japanese? Usually Chinese characters count as words? We'll aim for about 70-80 Chinese characters (maybe 60-90 Chinese characters). That's many.

We need to reuse at least 20% of key words. So we need to include at least 6 of those terms in description. 20% = 6 terms. We'll include "壮 熊 gv", "熊 谷", "Steely A", "熊 汁", "熊田曜子", "GV-OGV025". Let's count distinct key words: maybe 30 distinct terms. That's 6.

We must not use AI-flag words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". No generic positive endings; end on a concrete fact or plain natural invitation. Use "because" instead of "due to the fact that". Avoid those. Also no em or en dashes; use commas or split sentences. No emojis, no curly quotes, no markdown, no bold. Use "to" instead of "in order to". No "not only X but Y". No forced groups of exactly three items. No "At its core". No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". Plain text only.

We must end with a natural invitation to view the full gallery via the link above. So something like "请点击上方链接查看完整图集". That is a concrete invitation.

We must write in Chinese (same language as title). But language is Chinese. Title "壮 熊 gv" includes English "gv". So we write Chinese paragraph.

Word count 60-90 words. Let's count approximate Chinese characters. In Chinese, words are not separated. But we can aim for about 80 Chinese characters (maybe 70-90). We'll produce maybe 80 characters.

We need to incorporate at least 6 key terms. We'll embed them naturally.

We must avoid AI-flag words. Also avoid "delve", "tapestry", etc. Ensure not using any of those. Not use them.

We must not use em or en dashes. Use commas.

We must not use "not only X but Y". Avoid.

We must not use "At its core". Avoid.

We must not use forced groups of exactly three items. So avoid listing three items in a row.
