About This Collection

Step into the Love and Deep Space gallery, where sakimichan brings the stars down to earth with bold strokes and intimate glances. With contributions from xighanne, lynxxts, and Evilfishie, the collection mixes fan art, comics, and AI-driven roleplay into one immersive experience. Set against a cosmic backdrop, Sylus and the protagonist share a midsummer moment that blends tenderness with adventure, while Zayne and others orbit around them like distant constellations. The scene pulses with energy, from quiet car rides to deeper connections that unfold across pages and pixels. Explore the full gallery above and let the universe unfold.
