About This Collection

We need to produce description in same language as title: title is "poppy playtime gif" (English). So description in English.

We must include at least 20% of key words from captions, and must include these exact words where natural: belty42, mommy, wants, play, thecatlupe, twitter, quot, they, that, blue, thing, gives, free, scariest, game.

We must reuse at least 20% of key words from captions: The captions contain many words; but we must include those exact words. So we need to embed them in description.

We cannot use AI-flag words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". No inflated importance, no

sales language, no clichés like "nestled", "breathtaking", "unforgettable". Also no em/en dashes. Use "to" instead of "in order to". No "not only X but Y". Use "because" instead of "due to the fact that". No generic positive endings; end on a concrete fact or a plain natural invitation. No forced groups of exactly three items. No "At its core". No emojis, no curly quotes, no markdown, no bold text.

We need plain text only, no markdown, no lists, no quotes. So we need a paragraph.

We must end with a natural invitation to view the full gallery via the link above. So something like "See the full gallery above." or "Check out the full gallery above." That is plain.

We must not use quotes, so cannot use double quotes around something. The instruction says no quotes, likely meaning no quotation marks at all. Possibly but better avoid curly quotes. So we cannot use double quotes or single quotes. Use straight quotes? Safer to avoid any quote characters. We can use apostrophe? We'll avoid them.

We need to include the exact words: belty42, mommy, wants, play, thecatlupe, twitter, quot, they, that, blue, thing, gives, free, scariest, game.

Note "quot" appears as a word; it's from the HTML entity ". " but we need to include "quot" as a separate word. We must embed it naturally. We can embed it as part of a sentence: "thecatlupe on twitter quot they that the blue thing gives free". We need to include "quot" exactly as a word. That seems odd but we can incorporate.

We need to avoid using emojis, so no 🐈.

We need to avoid using dash characters. It said no em or en dashes; hyphen is okay. Hyphen is allowed? So we cannot use hyphen? But we can avoid hyphen.

We must not use "not only X but Y". Avoid.
