About This Collection

ViciNeko's 3D Genshin gallery gives Keqing a tentacle scene where she is unarmed, then shifts to Mona with a slime, Ganyu and Keqing together, Eula with Lawa, and Raiden with Yae. Keqing remains the title draw, and the other Genshin models fill out the set. The collection gathers animation stills, yuri moments, self-pleasure, slime play, and tentacle action, with full scenes and download notes in the captions. Open the full gallery above to see every image.
