About This Collection

We need to produce a short enticing description (60-90 words) for adult photo gallery based on scrambled captions. Must be in same language as gallery title: "lasshammer". That's English. Must reuse at least 20% of key words from captions (names, nicknames, distinctive terms), translating the rest as needed. So description in English.

Constraints: plain text only, no markdown, no lists, no quotes. So we can use hyphens? No em dashes or en dashes; can't use dash characters? Probably hyphen is okay? It says never use em or en dashes; split the sentence or use a comma. Safer to avoid hyphens that look like dashes. Use commas.

No "not only X but Y". Avoid clichés: "nestled", "breathtaking", "unforgettable". No generic positive endings; end on a concrete fact or a plain natural invitation. No forced groups of exactly three items. No "At its core". " That's a plain invitation.

We need to reuse at least 20% of key words from captions. Identify key words: names (Katie Summers, Luciema, Gianna Michaels, Samira Summer, Lolinha), nicknames? "lasshammer" appears. Distinctive terms: "milky", "big titted", "scottish lass", "hammered", "Doggy", "Hottie", "Cowgirl", "mmf threesome", "busty blonde", "pale blonde", "fmm threesome", "big black cocks", "black passion", "Italian", "Colombian", "British siblings", etc.

We need to reuse at least 20% of the key words. So we need to include at least 4 of those key words directly (or maybe more). Let's count key words maybe about 20? 20% of that is about 4 words. We'll include several: Katie Summers, Gianna Michaels, Samira Summer, lasshammer, big titted, scottish lass, busty blonde, mmf threesome, etc.

We must not use AI-flag words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". Also no em dashes.

We must avoid "not only X but Y". " Means we shouldn't construct a list of exactly three items. The rule: "Never use ... So we cannot list three items like "doggy, hottie, cowgirl" as that is exactly three items? That phrase appears in captions but we must avoid forced groups of exactly three items in our description. We can still mention them but not as a group of three? If we mention doggy, hottie, cowgirl as separate items maybe it's a group of three. Avoid forced groups of exactly three items. Safer to avoid that phrase altogether.

We need to vary sentence length naturally, state things directly, keep every claim supported by the provided captions. So we cannot claim something not in captions. , we can say Katie Summers appears, Gianna Michaels featured, etc.

We need to end with a natural invitation to view the full gallery via the link above. So final sentence: "View the full gallery via the link above." That is okay.

Word count: 60-90 words. Let's craft ~70 words.

Draft:

"Katie Summers opens the set with a playful pose, while Gianna Michaels brings her Italian passion and big tits to a scene with a Colombian partner. Samira Summer and Lolinha share an intense mmf threesome that leaves both breathless, and the scottish lass gets hammered in a raw, energetic finish. The busty blonde and pale blonde moments add variety, all centered around the lasshammer theme.
