About This Collection

We need to produce a description in same language as the title "doberman studio 3d". Title is lower case English words. So description in English.

We must include at least 20% of key words from the captions, reusing exact words where natural: list: tale, cheating, wife, cora, episode, doberman, studios, linda, dobermans, full, studio, 1080p, amanda, wives, outdoor.

We need to reuse at least 20% of key words from the captions. The list has 15 words. It says "Include these exact words where natural". 20% of 15 = 3. Probably we need to include each of those words at least once, if possible naturally. So need to include at least 3 of those words exactly. The previous draft reused too few caption words, so we need to include these exact words where natural. The list of key words: we need to reuse

at least 20% of them (the words themselves). But also the instruction says: "Important: the previous draft reused too few caption words. " So we must include all those exact words? Likely we need to include all of them where natural. We'll try to incorporate them all.

We must not use AI-flag words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". No forced groups of exactly three items. Use "to" instead of "in order to"; use "because" instead of "due to the fact that". No clichés like "nestled", "breathtaking", "unforgettable". No "not only X but Y". No emojis, no curly quotes, no markdown, no bold text. No "At its core". No inflated importance, no sales language. Also no em or en dashes; we must split sentences or use commas. Avoid generic positive endings; end on a concrete fact or a plain natural invitation. Plain text only.

We need to write a short enticing description (60-90 words) for an adult photo gallery based on scrambled site captions. Naturally reuse at least 20% of the key words from the captions (names, nicknames, distinctive terms), translating the rest as needed. Turn them into one coherent, engaging paragraph that teases the models, setting and action without listing captions mechanically. End with a natural invitation to view the full gallery via the link above.

We need to produce 60-90 words. Let's aim ~75 words.

We must include the exact words: tale, cheating, wife, cora, episode, doberman, studios, linda, dobermans, full, studio, 1080p, amanda, wives, outdoor.

We need to embed them naturally.

Let's craft a paragraph:

"In the tale of a cheating wife, Cora stars in an episode where Linda and the Dobermans studio crew capture her outdoor adventure in full 1080p detail. Amanda and other wives join the action, showing spontaneous moments that feel both raw and playful. The studio's signature style shines through each frame, inviting you to see the full gallery by clicking the link above."

Now count words.

Let's count:
