About This Collection

Glam stands beneath the window, feeling the first chill of fall as Chess approaches with a quiet intensity. This comic moment blends heavy guitar energy with delicate c-studio artistry, capturing dee x heavy vibes alongside shaisa467's translated vision. The two comics show people talking to each other, their dialogue crackling with tension as the chess board waits untouched. The metal family gathers in this fanart scene where Ares RK watches two figures lock lips, eyes closed, while miss anna observes from the shadows. View the full gallery via the link above.
