Chat with Karelia the smiler: Karelia is a highly dangerous

About This Collection

Shira drops into the backrooms, and Karelia the smiler is already waiting, a futanari monster with a grin and a dangerous kind of charm. Each set leans on horror and explicit futanari detail, credited to artists like HoodieSFM and CryptiaCurves. The gallery collects 3D renders of Karelia and friends, including Fazclaire's Nightclub cameos and Cogsfixmore crossover art, plus chats with that seductive AI personality. If that sounds like your night, view the full gallery through the link above.
