About This Collection

Call of Duty fans, this one is for you: post 5488598 and post 5449292 bring together John MacTavish, Simon Riley, and Konig in steamy r34 artwork by artists like p0ingo, fauxobsidian, and chrizz. From ghillie suits peeled off after a long mission to masked tension between ghost and his favorite Austrian sniper, every frame drips with bara muscle, black gloves, and covered-face heat. Soap, ghost, and Konig have never looked this tempting. Click the link above to view the full gallery.
