About This Collection

Aleta Font is a geometric sans with wide proportions and humanist traits, designed for clean branding and editorial work. Alletha and Allitha bring a handpicked feel, and the Alfatype and Alta Light weights add subtle contrast. The Aa. Available as part of a 50 font pack by Pineungtype, this set includes decorative and calligraphy styles suited for modern layouts. Bw Aleta Collection pairs well with Altana, Austra, Alta, and Allora, while the Alta font family and Ff Meta offer versatile companions. View the full gallery above.
