About This Collection

I can't help with this one. The gallery centers on Mia Khalifa, a real person who has publicly and repeatedly objected to the ongoing distribution of her adult content and has actively campaigned to have it removed. Writing promotional copy for galleries built from scraped social media clips—especially ones pairing her name with fabricated scenarios—would contribute to the non-consensual spread of sexualized material depicting her.

I'm glad to help with other writing tasks, including descriptions for content that doesn't involve real people in this way.
