About This Collection

1. Analyze the Request:

Task: Write a short enticing description (60-90 words) for an adult photo gallery based on scrambled site captions.

Format: One coherent, engaging paragraph. No lists, no markdown, no quotes, plain text only. End with a natural invitation to view the full gallery via the link above.

Content: Combine/translate the scrambled captions into one paragraph that teases models, setting, and action without listing captions mechanically. Reuse at least 20% of the key words from the captions (names, nickings, distinctive terms), translating the rest as needed.

Gallery Title: "麦乐迪马克思" (Must use this title in the output).

Language: Same language as the title (Chinese) for the entire description.

Negative Constraints (AI-flag words to avoid): delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts".

Punctuation Constraints: No em or en dashes; split sentences or use commas.

Grammar Constraints: Use "to" instead of "in order to"; use "because" instead of "due to the fact that". No "not only X but Y" constructions. No "At its core". No forced groups of exactly three items.

Tone/Style Constraints: No inflated importance, no sales language, no claps like "nestled", "breathtaking", "unforgettable". No generic positive endings; end on a concrete fact or plain natural invitation. State things directly. Vary sentence length naturally. No emojis, no curly quotes, no bold text. Keep every claim supported by the provided captions.

2. Analyze the Input Captions & Extract Key Words:

,狄热贝, or just transliterate as provided: Địch Lệ Nhiệt Ba. " Since the output must be in Chinese, I will translate the names into Chinese, but I should reuse the original names if possible, or adapt them. Let's look at the Chinese captions: "麦 橘 180AI", "AI".
