About This Collection

The gallery captures moments across Sudan and its neighboring regions, where conflict and resilience intersect. The women here wear their heritage openly, some in hijab style, others showing the quiet strength of everyday life in western areas of the country. Arab men and black women share frames that speak to a mixed heritage, while the Sudanese flag colors subtly mark each setting. Amid ongoing armed conflict, these images hold a raw honesty, showing bodies and faces that carry stories without flinching. Mauritanian beauty Don Sudan appears in scenes that blend the traditional Sudanese top with modern expressions of identity. View the full gallery through the link above.
