About This Collection

We need to produce a description in same language as title: title is Japanese/Chinese mix? Might be considered Chinese? Likely Chinese? The title mixes Chinese and Japanese. Contains Chinese characters and Japanese? Provide description in Chinese, reusing at least 20% of key words from captions (names, nicknames, distinctive terms). We'll write in Chinese (Simplified). Could be Chinese with Japanese particle. " So we must output in the language of title: maybe Chinese? Title includes Chinese characters: 雪 之 岚 と 异端 丶. The characters: 雪 (snow), 之 (of), 岚 (storm), と (Japanese particle), 异 (different), 端 (end), 丶 (dot). "雪 之 岚 と 异端 丶". Must include exact words where natural: march, honkai, more, drawn, yiduan, genshin, impact, голая, геншин, эротика, генш, theresa, apocalypse, danbooru, kyuso379.

We need to reuse at least 20% of key words from captions. Must include these exact words where natural. The key words are presumably those listed? They gave a list of exact words to include: march, honkai, more, drawn, yiduan, genshin, impact, голая, геншин, эротика, генш, theresa, apocalypse, danbooru, kyuso379. So we need to embed them in the description.

We cannot use AI-flag words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". Use "to" instead of "in order to". No forced groups of exactly three items. Use "because" instead of "due to the fact that". No "At its core". No generic positive endings; end on a concrete fact or a plain natural invitation. Also no em or en dashes. No "not only X but Y". No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". No emojis, no curly quotes, no markdown, no bold text.

We need plain text only, no markdown, no lists, no quotes. Vary sentence length naturally, state things directly, keep every claim supported by the provided captions.

We need to reuse at least 20% of the key words from the captions (names, nicknames, distinctive terms). The description must be in Chinese language. Also Russian words: голая, геншин, эротика, генш. So we can embed English words like march, honkai, etc within Chinese sentences. The key words list includes many; we need to include them naturally. Must include them exactly as given.
